Audible Air Venting Valve Collection Accessory for M7900AAV and M7950ILV

The PURGENVENT™ Model 7920AI Air Venting Valve Collection Assembly is designed to collect any moisture that may be expelled by the air venting valve while releasing air.

When water in the collection valve reaches a level where it needs to be emptied a visual LED light will blink and an audible alarm will sound. The PURGENVENT™ M7920AI may be wired to the Fire Control Panel or BMS for remote notification.

Features:

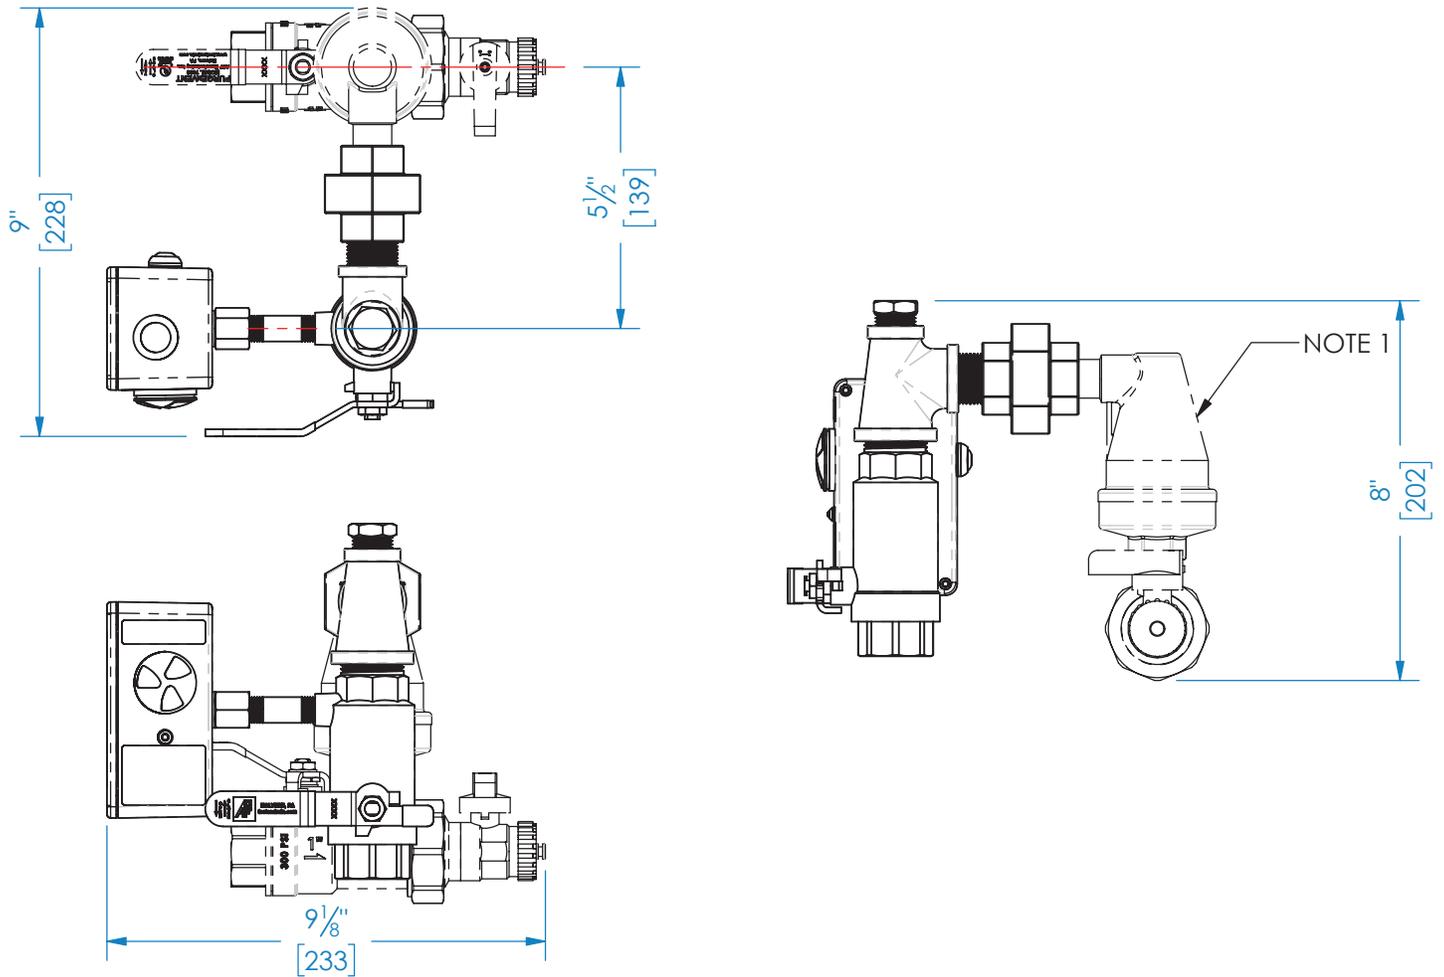

- Naturally Aspirating
- Visual and Audible Alarms
- 1" MIPT x FIPT Water Collection Valve
- Battery Powered, Wired, or Plug-In Options
- Union Connection
- Fire Panel and BMS Notification Capabilities

1. Union Connection.
2. Natural Aspiration.
3. Collection Valve with Lever Handle.
4. Water Detector with Audible and Visual Notification.

Reliability, Versatility, Code Compatibility

Model 7920AI Dimensions

Notes:

1. Model 7900AAV sold separately.
2. Alarm can be mounted to either side of M7900AAV.

Item ID	Item Description
7920AI	Audible Water Collection Valve Assembly
